

**Annual Model Photo Calendar** –

Each year we present 12 of the year's best model railroad photographs taken by our members.

**Online Video Library** – The

Members Only section of our website has

hours of “how-to” videos produced by professional video companies, as well as over 100 videos of clinics presented at national conventions.

**Local Divisions** – There are more than 150 Divisions in the NMRA, located in communities all across the U.S., Canada, Australia, New Zealand, and Britain. Most have presentations, layout tours and more.

**Discounts and advance reservations on new books** – Our Library periodically offers special books to the public, and NMRA members can reserve their copies in advance and receive a substantial discount.

**Special access to places and people** – NMRA members have access to all kinds of railroad locations others never get to see. Often National and Regional conventions tour prototype facilities that are normally closed to the public. They get to see top-of-the-line model railroads that usually don't accept visitors. And they can spend time talking with some of the most famous personalities in model railroading today.
